On December 20th, 2021, ROBLOX announced that they would be adding system tokens to enable their users to "pre-order" an item before it is put on sale. This way users can give feedback and ROBLOX could make changes if necessary.[26]. In late 2021 when the game was seemingly more popular than ever, numerous reports were made about a player called "unikraken," as well as his group of friends he allowed in his places. This user was not banned from the site for a long time, which attracted hordes of people to his server. Roblox is one of the most popular online games in existence. In my opinion, this game is extremely fun and great for all ages. Although I have been playing roblox for only about a month now, I still love the game so far. Roblox has a variety of different games in which you can play and I enjoy all of them. Another thing I have learned about roblox is that the company behind it is very kind towards their players. Although there are many things to be aware of when playing roblox, the game has many differences from other games and these things make it better than most.

One of the more infamous examples is user "Sephiroth", who had been banned for attempting to distribute his game, "TitanMC". One of the most popular ROBLOX games was "Hacker Escape", which was one of the most visited blogs on ROBLOX prior to 2021. It was a game where the hacker got into an abandoned house, and used numerous exploits to obtain admin privileges, allowing him/her to modify certain aspects of the game. This blog caused heavy controversy in 2021 because it allowed hackers to manipulate and change the settings on their games without consent from ROBLOX. However, after the release of version 1.0, this blog became outdated because developers started using hacks in their games that had not been discovered yet. In May 2021, ROBLOX launched a new blog system to replace the previous one, this paid-for feature was created by Epic Events Inc.
