In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138] . ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.

Rated 4 out of 5 by Anonymous from Pretty Fun This game is fun and very addicting but would probably be more fun if you had a personal computer or notebook. And sometimes there are annoying adds but overall its a great game if you want to have some fun with your friends online.

On November 2nd, 2021, ROBLOX announced that the company is looking into implementing state-of-the-art anti-cheat technology. This was made to reduce the chances of "botters" putting random objects in games that don't belong there or making designs that look like they can be through a video editor. The company also stated that if there are any issues with their anti-cheat software, they will let everyone know as soon as possible.[24]

The product was heavily criticized by users who claimed it was just a copy of YouTube.[87] On September 24th, 2021 ROBLOX announced that they would no longer make updates or interact with people's comments.[88] It is unknown if they will continue making content for the channel. In July 2021, ROBLOX released a list of their top 100 games with the most concurrent players at any one time. The list features a variety of games such as "Rage Place", "Create the Universe 2", and "Survival Games: Mine". The game with the highest number of concurrent players at the time was "Mineblox", which had over 10,000 players on it at once.

I love Roblox, but there are a few issues that I think need to be fixed. I have noticed that there is a lot of adult themes, and people swear a lot (which is not acceptable, it should only be in forums, not in game). It also needs more updates. In my opinion you should only take down the website if you combat online harassment or if someone steals someone else's idea. You can't create an account with your email address or password because the website doesn't know who you are. It only knows your username which is so unfair because someone could send harassing messages to other players without them knowing the real person. You should add more games and less glitches, with more updates. I really hope you take my suggestions into consideration, it would be great if you fixed all the big issues in Roblox.

There also used to be a filter for chat, which blocked any text that contained profanity. However, this feature was removed due to community feedback stating that it should be up to players if they want profanity in their chat.

ROBLOX has also been criticised for not putting up a good enough amount of effort to make ROBLOX itself safer for players. The site is not very well secured and has been known to have exploits since 2021, like one in the "Spectator Mode" which gives users complete control over other users' games with no checks or balances. It also allows users to upload executable files onto ROBLOX servers without any notification and allows them full access to other user's games and accounts.

The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 2021, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2021.

When it comes to this premium feature, the player does not have to pay for membership in the Builder's Club (which is free) or spend money on Robux or Builders Club credits at any point during gameplay. All they have to do is purchase the premium feature and be in a Builders Club account.
