However, in Roblox, mini-games give physical feedback from hitting objects in the game world; for example, when they jump off a ledge in an abandoned mine shaft.

- The game is too expensive. I cringe when I see that a certain hat costs 2 million Robux. Robux are the currency used in Roblox, and I have no idea where to get them in game. But it's pretty obvious that you have to pay real money for them or use your parents' credit card to access the store. And if you do use your parents' credit card, then they'll try to find out why you were so interested in a child's game and they will most certainly look at the Roblox website or app, which will reveal that there are so many games with suggestive themes/language that it will make your eyes bleed (and your mom/dad's too).

In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138]. ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.

The company released "Build a Buddy" in February 2021, which allows users to create customizable figures of themselves. On November 13, 2021 ROBLOX released a new version of its app called Ava (ROBLOX's Mobile Application). See above section for more details.
