I downloaded Robloxian Life from the App Store (it is free). After creating my character, I found myself in an unfamiliar location. There were trees everywhere! No sidewalks or buildings to view through my character's eyes. I began to look around for landmarks so I could find my house. Soon, I found it. An old abandoned house; the perfect place for me to live and work in the game! There were no other houses around, so I thought this one was mine! It wasn't long after my character had moved in that another player decided to move into my house. They didn't like my treehouse. They wanted to build a new house where there were trees and nobody could see inside. I thought it was a great idea! The next day, they created a new building and started working on an addition to the house themselves. Soon enough, our houses were completely different from each other; each one had its own unique features and decorations. After a couple days, I decided as the "host" of both houses that I wanted to make them look alike. I bought my friend's house and used the money to buy some items and paint to change his house into mine. The next day I was playing Robloxian Life, only to find out that my new house had been destroyed by one of my friends during the night. He asked me why I had changed his home. He said he liked his original house better than mine. Somehow, he managed to get at my items and destroy everything I had built in one night. I had no choice but to remove him from the game. I never really wanted to keep the house he destroyed, so I got it demolished and sold.

They stated that her ban would be a violation of their privacy rights as well as an infringement upon her civil rights, as a minor. The family requested that Roblox reverse its ban of Arielle and instead give her a warning to stop future harassment, which she committed while playing "Minecraft". The petition received more than 50,000 signatures in less than 12 hours. However, it was then reported by users that the petition had been removed from the website soon after it began. As soon as the petition was received by Roblox, it was announced that her account would be reviewed and further action would be taken in response to how she had "been conducting herself online".

You shouldn't be forced to pay for something in which you have no ability to benefit from what you're paying for.

5. Roblox should have a choice where we can only friend other users based on gender and age. 6. There are too many DLC's that do not allow you to play the game fully without buying them. 7.
